Dough Divider - AutoLatch

Key Features:

- Substantially reduces the risk of injury because the lid latches and releases automatically eliminating the risk of pressure build-up in the hopper
- Minimizes the danger of “hot dough” expanding in the divider
- Divides dough into 16, 20, or 24 equally weighted parts
- Proprietary filtered hydraulic system cuts down on service and maintenance while increasing machine longevity
- Unique hydraulic design for noticeably quieter operation
- Designed with round hopper for optimum scaling accuracy
- Cutting knives and pusher plates are machined to exacting tolerances minimizing dough clean-up
- Removable panels allow easy access for cleaning
- Stainless steel cutting blades and a hardanodized hopper reduce dough sticking and residue
- Easy-to-move with four multi-directional locking heavy duty casters
