

Speedseal® is the ideal packaging system for deli fresh pre-packed meals

Dinner Done

More than ever, today's shopper is looking for quick, convenient, healthy, fresh meals with no assembly required. Deli fresh prepared meals offer high quality, convenient solutions for grab and go lunch, snacks, and dinners.

Efficient, easy to pack

Speedseal® Packaging Systems offer efficient, easy to use instore compact meal packaging systems and automated commissary high volume systems. Sealing from 6-60 per minute.

Fresh, clean, tamper proof

Sealed tight for safety, our heat seal technology and clear film lidding offer leak proof, tamper evident confidence and visual appeal for display case merchandising.

Speedseal® Packaging System

Your single source for meal packaging equipment, trays, and film.

Speedseal® Systems can help you get dinner done and in the deli case.
